

Field of "Dreams Come True" for Service Recipient

Danny's "field of dreams" became a reality when the Memphis Redbirds celebrated Community Partner night with SRVS. Danny works at SOS Industries but on the evening of June 28th, 2008, he lived his dream of throwing the first pitch at a Memphis Redbirds baseball game (see photo). Danny hardly ever misses attending a Redbirds game. He knows all the players and was especially excited to see as his catcher

first baseman Josh Phelps, his favorite Redbirds baseball player. Danny was escorted onto the playing field by Mike Lowry, his Sunday school teacher. "There have been many happy moments in Danny's life," says Danny's mom. "But this had to be the happiest of them all." The Redbirds staff and

players continue to make Danny feel proud whenever they see him at the games. "I guess I'm pretty famous after all," admits Danny. Thanks to all the Redbirds players and office staff for making this a special night for Danny and for SRVS. More than \$2,100 was raised for SRVS through tickets purchased by SRVS supporters.
