

Rickey~Recording a Dream

Rickey is a very spiritual and religiously connected individual with an abundant desire to communicate his inspirational beliefs through music and song. Through his involvement in our Community Participation Program, Rickey has formed many relationships with others in his community who share the same spiritual beliefs. He has visited local churches and religious radio stations, and is often a featured caller on the radio talk shows. Rickey visits his church members on a regular basis, prays with his support staff, and is very uplifting to the people he comes in contact with. Rickey's participation in this program has allowed him the opportunity to meet the owners of a local recording studio. Through this relationship, he has been allowed to see one of his dreams come true – the chance to record his very own gospel CD entitled “Rickey Frazier and Friends...It's Finally My Time!” His CD was so popular, there are none left for sale! We give thanks to Mr. Earl Myles and his wife Benita, owners of the recording studio, Twin Tower Entertainment, for allowing Rickey this opportunity. Rickey's life has truly been enriched and the excitement he displays has touched the lives of many who have not only met him, but heard his voice.
